Student Support

Southern Cross Global

Southern Cross Global has a dedicated team committed to helping international students from application to acceptance and throughout your studies.

Ambassadors

Our international student ambassadors are carefully selected students who work with our international student support team. Their role is to provide a point of contact for new students, having experienced the same challenges of living and studying in a new country. Ambassadors mentor students, organise and participate in events and coordinate volunteering. They provide valuable support for international students coming into an unfamiliar environment and a new culture without the support of their families.

UniMentor – connecting students

The UniMentor program connects you with an experienced student mentor studying in the same discipline area as you. UniMentors can advise on a range of student issues, from the best way to navigate an online study environment to where to buy textbooks. You and your mentor can meet face-to-face, communicate via email, or catch up on Facebook and other social media sites. The UniMentor program is available to commencing undergraduate on-campus and online students and is coordinated by the Equity and Diversity Office.

Pathways to university

There are many pathways to Southern Cross University degrees through the SCU College English language, Diploma and academic preparation programs.

The Southern Cross Model

At Southern Cross University, we're always looking for a better way to do things. That's why all our courses are taught in a unique academic model that's designed to set you up for success at university and beyond.

The Southern Cross Model divides the academic year into six-week terms. You'll study two units (subjects) each Term, for four Terms a year, enabling you to focus deeply on what you are learning.

Content is highly interactive, with engaging face-to-face and active learning formats that have real-world applications. A shorter unit structure gives you a greater sense of momentum and motivation as you achieve milestones quickly.

Use the QR code below to learn more about the Southern Cross Model – a better way to learn.

Six-week Terms

Terms are six-weeks long with a break between each one. You'll typically study across four Terms a year - it's up to you!

Increased success

Since the Southern Cross Model was implemented, our students have achieved higher grades than ever before.

Immersive learning

Focus on just one or two units each Term for an immersive study experience. Learn more, quickly, in workshops and tutorials.

Greater completion

More students complete their units successfully in the Southern Cross Model. It's a better, and more enjoyable way to learn.

You're in control

The Southern Cross Model works with you in juggling all your other commitments – family, work, sport, friends. It's university for the 21st century.

“You get to focus really hard, then after that you can relax. That’s the reward at the end of each subject – a two-week break before the next term starts. You can clean your mind and come back with new energy.”

Davi Martins Algranti, Bachelor of Business and Enterprise student.

English language requirements

Most applications must include evidence of English language proficiency. Academic IELTS is the benchmark score indicated in the admission requirements for each course. All English language results must have been achieved in the past two years.

For most Diploma programs, the minimum score required is IELTS of 5.5 with no band less than 5.0.

For most undergraduate degrees, the minimum score required is IELTS of 6.0 with no band less than 5.5 with the exception of health sciences, nursing and midwifery degrees.

For most postgraduate degrees, the minimum score required is IELTS of 6.5 overall. The English language requirement may also be satisfied by completing an English for Academic Purposes or pathway program with SCU College.

Academic requirements

The minimum academic requirement for undergraduate degrees is displayed in the 'Academic Score by Country' shown on the International Future Students admission requirements tab of the website.

For postgraduate degrees, assessment is made on an equivalent Australian Bachelor degree plus any other course-specific requirements.

Advanced standing refers to previous study undertaken which may reduce the duration of your degree. You need to apply for advanced standing at the time of application.

When assessing applications against the relevant Academic Standards, the University will use accepted educational resources, including Australian Education International – National Office of Overseas Skills Recognition (NOOSR), United Kingdom National Recognition Information Centre (UK ENIC), University Admissions Centre (UAC) Assessment of Qualifications Manual and the Queensland Tertiary Admissions Centre (QTAC) Schedule to establish the Australian equivalent of an applicant's overseas qualifications.
